What our customers said...

Roisin did the flowers for our wedding in April, and I have to say how blown away we were by her talent! From my husbands buttonhole to our flowergirls corsage - just beautiful. Roisin listened to what we wanted and created a theme which exceeded our expectations. And her customer service is second to none. Thanks Roisin!

Roisin was a pleasure to deal with and very innovative. They were the most beautiful flower arrangements I had ever seen and I would highly recommend Nettles Petals.
